Paws up who'd like to save money on your pet's health care?

Our Pet Health Plan is the simple and convenient way to look after your pet's health whilst saving money.

A healthy, happy pet needs lots of care and attention, including vaccinations, worm, flea and tick treatments, and regular check-ups.

By spreading the cost of essential treatments for your dog, cat or rabbit over 12 months, our Pet Health Plan makes pet care more affordable.

Your pet gets their annual vaccination against dangerous highly infectious diseases, and protection against internal and external parasites.

To keep your pet in peak condition, we provide regular health checks with your vet, as early diagnosis of problems will help your pet to live a long, healthy life.

Plus, benefit from great discounts with other services and products.

THE pet health plan your pet would choose - paws down.

Easy and convenient monthly direct debits plus you save money too
